APPLICATION FOR
GRAPHIC DESIGN
INTERNSHIP

2018

JOB APPLICATION

Date:	1st June - 31st June 2018
Hours per week:	10 hours
Cost per hour:	£7.50
Location:	Park Cross Street, Leeds

EatFishDesign is a small start-up company founded by two Leeds graduates in November 2015. Our role is to help technical, medical and engineering SME's communicate complex ideas to their target audience through engaging visual communication. We offer a variety of design services including websites, exhibition design, branding and many more.

We are looking for a penultimate/ final year student from a design based course to spend a month joining the team for 10 hours a week. You would get the opportunity to undertake a range of roles, but would focus mainly on developing designs and materials for the client.

MAIN DUTIES & OBJECTIVES:

We are looking for an ambitious and enthusiastic intern to fill a newly created role of graphic design with visual communication. Working within a small team and reporting directly to the head designers, you would primarily be working in the Adobe suite mocking up layouts, sketching concepts and designing marketing material for several different projects.

A lot of the work we do involves redesigning very informative documents, so you should be comfortable with technical information and confident using the Adobe suite to present text heavy scientific information in a visually pleasing way.

BENEFITS AND OUTCOMES:

This internship is ideal for final year students looking to make the most of Leeds and get some experience working in a small design consultancy working on live projects. You will have the chance to work on live briefs for a multitude of different companies, getting key insights into client relationships and business. By working for a start-up, you will gain essential experience working in a junior design role, developing on your visual communication skills. This is a fantastic opportunity for anybody who is thinking of running their own business in the future as you will be able to see first-hand the way a small design consultancy runs.

We are always looking to add awesome people to our team, if the internship is very successful we may look to extend it through the summer.

ESSENTIAL SKILLS:

- University of Leeds penultimate year student or current final year/2018 graduate who studied a design program
- Strong experience in Adobe suite, specifically InDesign, Photoshop and Illustrator
- Excellent attention to detail - the quality of work produced must be to a high standard
- Excellent communication skills
- Outstanding conceptual and visual design skills with appreciation of layout, typography and branding
- Able to demonstrate understanding of a design process
- Strong organisational and time management skills
- Comfortable working in a small team and working independently on design projects

DESIRABLE SKILLS:

- Knowledge and experience in social media content creation would be desirable
- Ability to understand and summarise technical information
- Comfortable presenting technical documents
- An understanding of print design and the ability to set up a variety of documents for print
- Experience using WordPress.org

APPLICATION INSTRUCTIONS:

Apply by sending a **portfolio (max 6 A3 pages)**, CV and professionally laid out covering letter. Submit this via email to ahoy@eatfishdesign.com.

When uploading your CV and letter, please make sure you title your document with your name only. We require 1 document – your CV, followed in the **same document** by your cover letter.

Closing Date: May 22nd
